Dear Father Scorzello:

The Twelve Step Education Program of N. E., Inc has, since their inception in 1992, been a good community citizen in the city of Woburn.

Their program is very successful, I believe in large part due to the self discipline that Twelve Step require of their residents.

We heartily endorse their goal of providing a sober home environment for people who suffer from both alcohol and substance abuse.

Sincerely,

Robert M. Dever  
Mayor
